The following is an Examiner's statement of reasons for allowance:

Applicants' Amendment filed July 27, 2005 is acknowledged. Claim 21 is canceled. Claims 1-20 remain under consideration.

In the last Office Action claim 10 was rejected under the judicially created doctrine of obviousness-type double patenting as being unpatentable over claim 8 of U.S. Patent 6,720,318.

Following the submission of a Terminal Disclaimer, this rejection of record is withdrawn.

Subsequent to the cancellation of claim 21, which was asserted to be a substantial duplicate of claim 16, the objection of record under 37 CFR 1.75, is moot.

The closest prior art is deemed Broekkamp et al., U.S. Patent 6,150,353. Broekkamp requires mirtazapine in a combination with an antipsychotic agent of which cyamemazine, sertindole, quetiapine and ziprasidone are options for use in the treatment of schizophrenia and schizophreniaform disorders. The present claims require cyamemazine in combination with one of the group consisting of sertindole, quetiapine and ziprasidone. Broekkamp does not render the instant invention obvious in the absence of additional information.

Accordingly, claims 1-20 are allowed in view of the contemporary knowledge of the art.

Any comments considered necessary by Applicants must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably

accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
